

After a lot of questions with the question how to unlock a
gsm we build here a small explanation how to unlock your Nokia.

NOTE !!!: THIS IS ONLY FOR EDUCATIONAL PURPOSES AND UNLOCKING IS NOT LEGAL

STEP 1.

**You need a Data-cable (M-Bus/F-Bus)
You have no data-cable ?**

**Click here(Very cheap cable's) <<http://www.mowtrad.com>>A data-cable costs about \$ 40 or DFL95,-
guilders included VAT and shipment costs.**

STEP 2.

**You need the right software to unlock your phone.
Here you can download a unlock program (Nokia Unlocker 1.2*) written by us.**

*Kay and Robert's Nokia's are unlocked with this program

It works for the full 100% , but we are not responsible for any damages.

**[DOWNLOAD <files/unlock.zip>](#)
(101kb , password is : gsmtricks.com)**

STEP 3.

**Connect your phone to your computer and start Nokia Unlocker 1.2
Select the right com port (Com1 or Com2) and press unlock
All the 4 locks on your phone will open and your phone is unlocked.**
